"One of the greatest hindrances to growth in the church today is this same mentality (Gentiles should not be accepted into the church until they became practicing Jews) in Christian communities that create their own cultures and traditions which prevent unbelievers from coming to faith."

This thought from Lesson 10.3, page 160, resonated with me and led me in a meaningful conversation with my friend, Richard, about the state of church today. We talked about the need to lead the culture by biblical standards rather than turning our churches into country clubs.

2. Results: What resulted from your own participation in this activity? Include descriptions of people’s reactions, decisions to accept Christ, confirmed miracles, Spirit and water baptisms, life changes, etc. Describe the individuals or group who benefited from or participated in your ministry activity. Use numbers to describe results when appropriate (approximate when unsure).

My friend completely agreed with me. We decided to talk to our friends in the youth group about this issue and motivate them to become proactive in their evangelistic effort.

3. Reflection: Answer the following questions based on your experience in completing this assignment:

Did this activity satisfy an evident need in others? How so?

Yes, this activity transformed Richard and renewed his commitment to Christ. I am glad to report that he is leading a godly life and representing Him very well among his friends.

Were you adequately prepared to engage in this activity? Why or why not? Yes, once I read the lesson I was convicted and convinced beyond a shadow of doubt that we need to proactively cross cultural and traditional barriers to reach the lost.

What positive or negative feelings were you aware of while you were completing this activity?

I acted under the conviction of the Holy Spirit. I knew that I was wrong in confining my christian beliefs and practices within the four walls of the church.

In what ways were you aware of the Holy Spirit’s help during your ministry activity?

I had a strong sense of repentence which could only be brought about by the Holy Spirit. I repented of my hypocrisy and and resolved to share my convictions with people outside the church.

What would you change if you did this ministry activity again?

I would not change anything if I were to do this ministry activity again. I am glad I shared my convictions with my friend before going out and sharing my faith in public because he gave me many significant pointers for effective witnessing.

What strengths or weaknesses within yourself did this assignment reveal to you?

This activity revealed to me that my faith is not productive if I kept it to myself. I need to go out and share with those who do not know Christ.
Did you receive feedback about this activity? If so, describe:

Yes, my youth pastor was thrilled at the renewed interest among the youth to participate in evangelism. He told me he has been praying for revival among the youth for five years.
